

Your Validation Partner

KVS Technologies

KVS Technologies is a partnership company promoted by Kalpesh R Vaghela and Shankar P Sapavadiya. Both having work experience of about 20 years in India and abroad. Main Area of interest is with pharmaceutical Industries. KVS Technologies is a team of dedicated, talented engineers whom you can trust for your regulatory requirement.

KVS Technologies provides services encompassing all aspects of regulatory validation for the pharmaceutical, Clinical Research Organisation, and medical device industries. We develop and execute detailed Validation Master Plans, Standard Operating Procedures, audit reports, protocols, and test scripts to ensure that the compliance of each system, facility, or process that we validate is thoroughly documented.

- **Validation :**

Establishing documented evidence that provides a high degree of assurance that a specific process will consistently produce a product meeting its predetermined specifications and quality attributes.
